

MEDIA ALERT:

10,000 Citizens Expected to Protest Socialized Health Care on July 2, 2009 at Sioux Falls Fair Grounds

What: Citizens unite at Health Care Rally to protest government controlled (socialized) medicine and empower themselves with the facts about universal access. This is the first grass roots protest against the newly proposed socialized health care plan. The centerpiece of the protest is a large, antique casket representing the death of freedoms at the hand of bureaucrats.

Who: This is a grass roots organization of citizens and professionals, networking to preserve individual freedom in America, including health freedom. World renowned speakers will be speaking to 8,000-10,000 people. Key speakers include:

- Featured speaker Richard Baker has been quoted as saying “the Canada Health Act, which outlaws private surgery in Canada, has caused more pain, suffering and death, than any other piece of domestic legislation in the history of the country.”
- Twila Brase, president of the Citizens’ Council on Health Care
- Sally Pipes, president and CEO of the Pacific Research Institute and author
- David Noebel, president of Summit Ministries
- Jane Orient, M.D., F.A.C.P.
- Dr. Allen Unruh, “Free Choice Initiative”
- Dr. Blake Curd, lecturer and surgeon

Why: Bring awareness to US citizens about the truth about socialism. This is a rare opportunity to hear first-hand from victims of socialized health care and from leading experts on socialized systems. Under the newly proposed legislation, the first targets of rationing will be the elderly, the disabled and handicapped followed by those with chronic conditions. Young people will be hit with unbearable taxes to pay for the new system.

Who Should Attend: Any American interested in protecting freedom.

When:

Health Care Rally: Thursday, July 2, 2009 from 12:30-4:00PM

Health Fair: Thursday, July 2, 2009 from 10:00-5:00 PM

Where: Sioux Falls Fair Grounds Grandstand, Sioux Falls, SD
